

# New Homes **IN BRIEF**

## **Ashford's new vision**

ASHFORD people who attended a recent exhibition have backed overwhelmingly a visionary new development for the town, proposed by Zed Homes for the derelict site on Gasworks Lane, south of Ashford.

Following substantial public consultation, a significant majority – just over three-quarters – of those who submitted views, gave the scheme their backing.

Zed Homes announced the findings of its consultation in a report to coincide with the submission of its planning application to Ashford Borough Council, seeking permission for its proposals.
